

**JESUS HELPS
ME SHOW...**

— RESPECT —

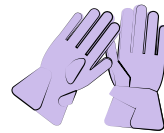

Creation Clean-up!

We can show respect for God's creatures and creation as well as other people by cleaning up our neighbourhoods!

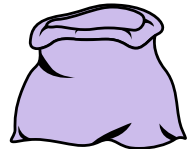

Read Romans 8:18-23. All of creation cries out for the freedom and restoration that God gives. We can join in the mission of Christ to redeem all things by taking care of creation and showing it respect.

Supplies Needed:

- **Gloves**

- **Trash Bags**

Pick a place near your house like a local park, beach, or school yard and show respect for your community by cleaning up! Don't forget to ask a parent or guardian before heading out!

"God planned to set the created world free. He didn't want it to rot away completely. Instead, he wanted it to have the same glorious freedom that his children have."

Romans 8:20b-21 (NIRV)
